ABOUT SOCIAL VALUE UK

Social Value UK is the professional body for social value and impact management.

As a member-led organisation, our mission is to change the way the world accounts for value. Our aim is to reduce environmental degradation and inequality and increase wellbeing for all. Social Value UK does this through standardising practice through the Principles of Social Value, brokering relationships and encouraging cross-sectoral collaboration, encouraging further accountability for impact, building a community of practitioners and encouraging innovation.

Social Value UK is a Joint Member Network of Social Value International, the global standard-setting organisation for social value and impact management.

Social Value UK works with our members to embed core principles for social value measurement and analysis, to refine and share practice, and to build a powerful movement of like-minded people to influence policy. Our goal at Social Value UK is to support, connect, and represent our members through training, knowledge-sharing and networking. Social Value UK is much more than a professional network.

Together, we are building a movement for change.

ABOUT SOCIAL VALUE PIONEER MEMBERSHIP

Social Value Pioneer membership is our most popular organisational member package and is open to all organisations who share a commitment to social value.

Social Value Pioneers will be receive dedicated guidance and support from Social Value UK, to help them embed social value into their organisational activities, measure and demonstrate their impact, and maximize the amount of social value they can create.
